WORK EXPERIENCE

Asana **San Francisco, CA**
Product Manager June 2021 – Present

- Leading an effort to create a logged-in web experience for existing users that is more personalized and tailored to a user's plan tier and company size, in order to reduce friction for upgrades, enhance sales team interactions, and increase user willingness to pay by presenting highly relevant content and use-cases.
- Introduced role and function segmentation to the new user experience. Led the design and implementation of a personalized onboarding experience tailored to specific roles and functions, enhancing the new user journey from initial website interaction to post sign-up engagement
- Launched a profile feature tailored to users' needs that significantly increased new user adoption (+4.41%), invite sent (+3.26%), and generated a $2.6M annual revenue win.
- Redesigned team-creation flow, achieving a $2.5M annual revenue win by increasing team membership and seats.
- Redesigned project share modal, improving new domain invites acceptance by 5%. Implemented unified sharing surface across objects, collaborating with teams to reduce technical debt.
- Launched multi-select custom fields, requiring extensive cross-team coordination. Facilitated complex technical product launch, ensuring clear scope of work for all teams involved.

Peregrine Technologies **San Francisco, CA**
Deployment Strategist May 2020 – May 2021

- Headed strategy and created a product roadmap for Peregrine's NG SCOUT, the platform powering the California Office of Emergency Services in fighting wildfires. Led need-finding, user stories, analyses, and prioritization efforts for the product.
- Led project implementation and sprint setup for deployments, optimizing customer relationships and team collaboration.
- Developed a cross-project virtual user training model and conducted all user training for the two largest deployments.

McKinsey & Company **San Francisco, CA**
Summer Business Analyst June 2019 – August 2019

- Facilitated the operational transformation for a healthcare provider by proposing optimized and alternative work scheduling initiatives, resulting in a reduction in premium/penalty pay and an increase in productivity.
- Conducted analyses to improve the accommodation of a hospital's core staff by calculating the optimal number of caregivers needed in a department based on historic volume trends.

Fresquiticos **San José, Costa Rica**
Founder Sept 2016 – June 2019

- Founded and led a start-up in the beverage industry, manufacturing natural, healthy sodas with Costa Rican flavors.
- Successfully placing our products in over 70 retail sales outlets, including two major supermarket chains in Costa Rica.
- Secured $6500 in seed funding to support the growth and operations of Fresquiticos.
- Delivered a TEDx talk showcasing the journey of launching and managing Fresquiticos.

EDUCATION
